Ohio Governor Mike DeWine recently signed an order mandating that facial coverings (masks) be worn in Franklin County to help stop the spread of COVID-19. Franklin County Emergency Management and Homeland Security (FCEM&HS) has been supporting Tier 1 front line workers including hospitals, healthcare professionals, public safety forces as well as the vulnerable populations within Franklin County.

Members of the general public who may be unable to purchase face masks may be able to obtain through the nonprofit organizations below. In connection with the Franklin County Commissioners, the City of Columbus 311 Center will be conducting drive-thru events to distribute whole PPE kits. The events will take place at the four Columbus recreation centers during the month of July.
